

HONOR NIGHT APPENDA

Dear Alameda-Our Grand Organist

It is with pleasure that we come,
To wish you joy and gladness,

In this honor you have won.

You've joined the Grandest family

In the nicest kind of way,
For you'll be giving of your music,

Most everywhere you stray.

A note to say that life is short

May every moment be sweet.

And please remember we're cheering,

For a gal that is hard to beat.

Please note we gather here with fond affection

To honor you at your reception

We've planned for weeks so this would be

An extra special memory.

I'll add this note to tell you

How proud and glad we are,

For the fine impressions you have made

As you traveled our state afar.

This note to remind you that in your travels

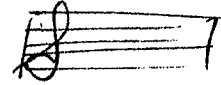

You'll find real beauty in friendships won

And bring back many memories

After your journeys done.

This bluebirds song is mighty sweet
In fact it's downright hard to beat.
But it reminds us, that's just what you've done.
As with your music our hearts are won.

Alameda, this bluebird is singing,
This hall with your prases is ringing.
But as you traveled so wide,
Who's been by your side?

Why Blaine, Blaine, Blaine.

We've thought of him too
Would he come here by you?
Next year as you rest in your chair and rock,
Take off your shoes and put on these socks.
